STAT

I wish to acknowledge receipt of your letter dated 24 May 1949 in which you indicate the need for reports of certain Soviet and Czechoslovakian broadcasts in connection with your research on the Soviet-Communist penetration of Central-Eastern Europe.

The Library of Congress and the National Archives maintain a complete file of unclassified monitoring reports published by the Central Intelligence Agency. In an effort to assist you in locating the specific broadcast material which you require, I am enclosing an abbreviated accession list which will indicate the date or volume number of the published monitoring reports containing references to the subject matter with which you are dealing.

I hope that this information will facilitate the procurement of the necessary documents and expedite the completion of your research project.

The copy of your personal record contained in your letter of 4 April 1949, has been under consideration in this organization. If a position becomes available, which calls for a person of your unusual background, we will so advise you.

Sincerely,

sgd & disp 6/6/49.
